Re: Records Request

Dear Mr. Craven,

I received your letter dated September 5, 2013, asking for information on recorded seizures of heroin and/or drug busts involving any class 1 drugs in Vermont since September 2012.

We do not have a mechanism to accurately provide the exact amount of seizures where heroin or "class 1 drugs" were reported, however I can provide you with the number of arrests where heroin was the offense.

In 2012 there were 118 arrests involving either the possession, sale or trafficking of the drug.

In 2013 there have been 38 arrests involving either possession or trafficking of the drug.

In order to search for other drugs, please specify which particular ones you are looking for when you say "class 1."

If you have any additional questions, feel free to reach out to me at any time.

Respectfully,
